

Office Dude vs. Slugs: User Manual

CSC 171 Project

Kyle, Leanna, Kebron and Sunny

How to play

- You will be playing as , the main character of the game. Use WSAD keys     to move towards different directions.

 —> Up

 —> Left

 —> Down

 —> Right

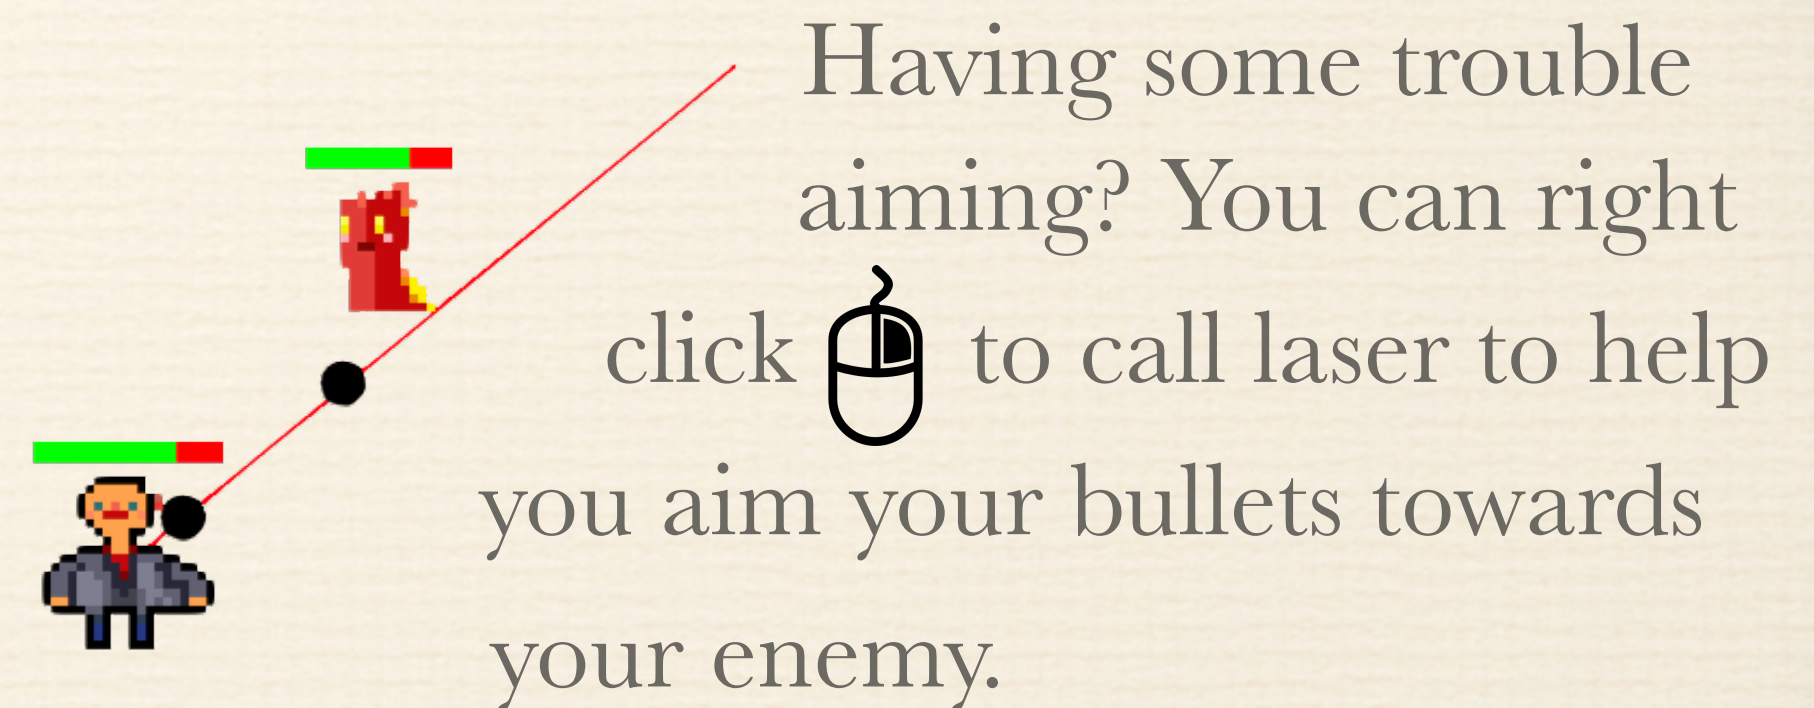

- You will fight against the slugs  and . Be careful, if they get too close to you, you will lose some health. Different enemies will have different damages. You can kill the enemy through clicking  to shoot bullets. Bullets won't immediately kill the enemy, but make them lose some health. Some enemies might be harder to kill.

- You can also press  for longer period of time to shoot a bigger bullet that will do more damage. You can move while shooting.

- You will have a health bar that displays your current health.

- The green part of the health bar shows your remaining health, and the red part shows the health that you have lost. The game will end if you lost all of your health.

Have fun playing the game!

The End

Thank you for playing!
